To set up the car carousel.

1. Prepare to set on level ground.
2. Unhook from truck.
3. Lower rear jacks.
4. Raise tongue jack until level.
5. Lower front jacks to stabilize unit.
6. Lower each bar off the 1/2 circle sides into the appropriate slot.
7. Unpin and lower each 1/2 circle side to rest on bars.
8. Lift umbrella to slide down over center pole.
9. Raise umbrella arms and latch into place at the top of the pole.
10. Check that each car is secure to the floor.
11. Plug into a 110 outlet or a heavy extension cord.
12. Do a test run for several minutes with NO children.
13. Install fence - for crowd control.
14. The entrance/exit should not be at the trailer tongue.

Operating the car carousel

1. This unit is designed for children ages 5 and under.
2. No adult is to ride with their child.
3. Load the 7 or less children on the ride. Having each child sit in a space alone.
4. After each child is seated. Announce that you are turning the ride on.
5. 3 to 4 minutes is enough to give per each turn.
6. Yes, it turns very slowly.
7. Stop the ride completely before beginning to unload children. You may have to assist some children off.
8. Caution: NEVER let children up out of their seats while the unit is moving.

Closing the Car Carousel

1. Remove the crowd control fence.
2. Unplug the unit from the power source.
3. Unlatch the arms of the umbrella and fold them down.
4. Lift the umbrella off the center pole and lay on the middle section of the unit.
5. Lift each 1/2 circle and replace the pins securely.
6. Remove the bars and replace to the sides of the 1/2 circles.
7. Raise the front jacks all the way up and tighten.
8. Lower the towing jack.
9. Raise the rear jacks all the way up and tighten.
10. Hook up to the vehicle.
11. Plug in lights.
